STRONG HANDS AT THE HELM.

The President Sends Out
More Warships.

Cruiser Brooklyn and Others to
Leave Immediately.

Head of the Nation Harkens
to Admiral Dewey.

Prompt Steps Being Taken to
End Filipino War.

Transports St. Paul and Garonne at
Manila—Two Vessels Sail from
Portland—Three to Leave
San Francisco.

WASHINGTON, Oct. 4.—The President today directed the immediate dispatch to the Philippines of a number of vessels of the navy, including the cruiser Brooklyn and the gunboats Marietta and Machias. The action is the result of Admiral Dewey's interview, today, in which he went over the Philippine situation with the President.

The orders given are in line with the expressed determination of the President to furnish the army and navy every resource for stamping out the Philippine insurrection at the earliest possible time. At Admiral Dewey's extended interview with the President, today, the former went into the Philippine situation at great length, explaining carefully the existing condition of affairs, and his views from the outlook, concluding with an earnest recommendation that the Brooklyn and some other vessels be sent at once to the Philippines.

This reinforcement of the present squadron he urged as necessary, and said their dispatch should be directed as early as possible. The President immediately communicated with the Navy Department and instructed the Secretary of the Navy to issue an order carrying out the admiral's recommendation, and to see that the vessels be got in readiness at once.

The Marietta and Machias, besides the Brooklyn, will be designated by the Navy Department, along with several other vessels which have not yet been selected. The Brooklyn is now with the other vessels of the North Atlantic squadron off Tompkinsville, Staten Island, and the Machias and the Marietta are at present lying at the wharves in this city on waiting orders, having been brought here to participate in this week's celebration in honor of Admiral Dewey. These reinforcements will add considerable strength to the Asiatic squadron, and the administration believes their presence will have a material effect in expediting the end of hostilities.

The Brooklyn is an armored cruiser of the first rating, carrying 20 main-battery guns, and having a total

ATTACK ON PARANAQUE.

Rebels Inside and Outside
the Town Make It Warm
for the Americans—Fires
Started—Enemy Beaten
Back.

MANILA, Oct. 5.—An attack upon Paranaque was made by the insurgents, last night, and rebel sympathizers in the town set fire to a number of buildings. Col. Daggett repulsed the attack and declined offers of assistance from Ba-coor.

The extent of the damage done by the incendiary fires has not yet been learned.

displacement of 925 tons, and is so well thought of by Rear-Admiral Schley that he desired that she be assigned as his flagship in the new South Atlantic squadron. The Marietta is a composite gunboat of 1000 tons displacement and with a main battery equipment of six guns. The Machias, with a displacement of 1175 tons, carries a battery of eight guns.

The commanders are all veterans of long experience in the service. The Brooklyn is commanded by Capt. Theodore F. Jewell, who has seen fourteen years of service and more than that on shore stations; the Machias by Lieutenant-Commander Leavitt C. Logan, with fifteen years of service at sea, and the Marietta by Lieutenant-Commander Edward H. Green, who shows seventeen years of sea service. The Brooklyn's formidable equipment will make her of invaluable general service, while the Marietta and Machias are expected to be of much usefulness in the numerous shallow waters about the archipelago, where larger craft cannot go.

It is not known how soon these vessels can be made ready, but their orders are to get away as early as possible, and no delay is anticipated. The commanders will report to the department when they are ready to proceed, and on arriving at Manila will report without delay to the admiral commanding the Asiatic station for orders.

RECONNOISSANCES.

Insurgents in Position at Santa Ana and Arayat.

MANILA, Oct. 4.—(By Manila Cable.) Reconnoissances from Mexico by the Fourth Cavalry toward Santa Ana, northeast of Mexico and toward Arayat, due north of Santa Ana, developed the fact that the insurgents are in position at both points.

An American private was killed in the skirmish at Santa Ana. The Arayat party learned that Scott and Edwards of the Twenty-fifth Infantry, who are missing, are prisoners at Magalang.

The insurgents made two attacks on Calamba, in which their commanding officer reports sixty Filipinos killed and many wounded.

Two companies of the Twenty-first Regiment repelled each attack, losing two men killed and seven wounded.

Bolo men surprised an outpost near Guagua, killing two privates. The other two escaped.

While four sailors of the cruiser Baltimore were entering the Bacoor River in a boat yesterday, after the fight, they received a volley, wounding three. It is understood that the volley came from United States soldiers, who, having been ordered to prevent the passage of boats, fired by mistake on the Baltimore's men.

Rear-Admiral Watson announces the recovery of the United States gunboat Urubana, which was captured and beset by the insurgents near Orani, on the Orani River, where she had been blockading. The expedition was entirely successful. The Americans suffered no casualties.

POROC REOCCUPIED.

Insurgents Evidently Trying to Get Behind the Americans.

MANILA, Oct. 4.—(By Manila Cable.) Several hundred insurgents have re-occupied Poroc, which was captured by Gen. MacArthur September 20, and evacuated by the Americans the following day.

The insurgent forces are reported moving toward Mexico, southeast of Angeles. The object of the double movement is apparently to get behind the American garrison on both sides of the Manila Dagupan Railway.

ENGAGEMENTS REPORTED.
Army Has Been Busy Since the First of the Month.
WASHINGTON, Oct. 4.—Gen. Otis has cabled the War Department the following account of the recent engagements with the insurgents:
"MANILA, Oct. 4.—Capt. Poore, Sixth Infantry, attacked entrenched robber band, Western Negroes, last inst. Lieut. Grubb, Sixth Infantry, killed; Dr. Shillock, three enlisted men slightly wounded; twenty of the enemy killed, including two leading robbers; twelve rifles, large supply ammunition

GOVERNMENT LEAVES WASHINGTON.

Westward it Takes Its
Course by Rail.

President and His Cabinet to
Be Gone Half-month.

Chicago's Fall Festival First to
Be Visited by Them.

Sumptuously-equipped Train Set
Apart for Their Use—Vice-President
Marshall Receiving
Hearty Welcomes.

WASHINGTON, Oct. 4.—President and Mrs. McKinley and party, including the entire Cabinet, left Washington at 9 o'clock tonight for a half-month's trip to Chicago and the Northwest. The President arrived a few minutes before the time for departure, and with Mrs. McKinley leaning on his arm, walked briskly down the entire length of the train, frequently acknowledging the salutes of a small crowd of spectators.

The train, which will be the home of the distinguished party throughout the trip, is one of the most sumptuously-equipped ever run from the Pennsylvania station. It consists of the private car Campana, occupied by the President and Mrs. McKinley, the combination car Atlantic, sleeper Ixon, compartment car Chile and Omena, the last two for the use of the Cabinet, and of whom were on the train, except Secretary Gage, who is in the West, and the diner Gilsey.

FALL FESTIVAL OPENS.
Chicago's Show Visited by a Vast
Throng Last Night.

CHICAGO, Oct. 4.—With music, streams of light and patriotic enthusiasm, Chicago's fall festival was formally opened this evening, in the presence of a vast throng.

MARISCAL EN ROUTE.

SAN ANTONIO (Tex.), Oct. 4.—The handsome special train bearing Minister Mariscal, Vice-President of Mexico, and his party, arrived here this afternoon from Eagle Pass, which place they had left shortly after 11 o'clock this morning.

There were nearly two thousand people at the depot to greet the distinguished party. The train stopped here for an hour, and during that time a continual stream of people rushed

through the train to shake Minister Mariscal's hand. The party held a levee on the back platform of the rear coach, and when the train pulled into the depot, the party bared their heads to the great throng of people which surrounded the coach. Minister Mariscal thanked all of the people for their courteous treatment, and expressed regret at being unable to prolong his stay in this city.

The train left for Houston, the next stop, at 5 o'clock. As the train slowly passed Fort Sam Houston, an Ambassador's salute of nineteen guns was fired by Battery K, First Artillery.

THE PRESIDENT'S ITINERARY.

ASSOCIATED PRESS DAY REPORT.
WASHINGTON, Oct. 4.—The President's special train will pass Decatur, Springfield and Quincy, Ill., Friday. The same afternoon the President will participate in the dedication of a soldiers' monument at Peoria.

Saturday morning the President will deliver an address at Galena, and will arrive in Chicago Saturday afternoon. A stay will be made there during the greater part of the fall festivities.

After October 9 the President will visit Evansville, Ind., and from there will proceed to Minneapolis to participate in a welcome to the Minnesota volunteers.

Later, the Presidential party will visit various places in the Northwest, going as far west as Sioux City, Iowa.

INDUSTRY AND COMMERCE.

President is Said to Favor Representation in the Cabinet.

CHICAGO, Oct. 4.—President McKinley, according to Col. Elliott Durand, who has just returned from Washington as the representative of the National Business Men's League of Chicago, favors the establishment of a department of industry and commerce to be represented in the Cabinet. "The President has promised to consider the proposition," said Col. Durand today, "and we are hopeful that it will be adopted."

The league has opened correspondence with commercial associations all over the country, advising them to adopt and forward to the President resolutions urging him to recommend to Congress in his annual message that such a bureau be instituted. The league is preparing for a conference in this city next month for consideration of the interstate commerce laws and for the purpose of deciding upon recommendations to a committee which will be empowered to draft a new law for presentation to Congress. Plans are being formulated and the date of the meeting will be announced immediately after the close of the Fall Festival.

Railway Negotiations.

SHANGHAI, Oct. 4.—It is reported that Viceroy Chang Ching has recommended that the government abandon negotiations with the American syndicate under the Washington contract for the construction of the Canton-Hankow Railway and grant the revival of the undertaking to the Franco-Belgian combine.

TRAINS GUNS ON THE WEST.

Dewey Will Make a
Land Cruise.

May Fire a Few Hot Truths
into the "Aunties."

He Supports the Staunch Policy
of the President.

The Admiral Tells Gen. Anderson He
Probably Will Start Next Month
for a Trip Across the
Country—No Boom.

[BY DIRECT WIRE TO THE TIMES.]
WASHINGTON, Oct. 4.—[Exclusive Dispatch.] Admiral Dewey said today that maybe he would take a run clear across the country, and visit San Francisco and other Pacific Coast cities later on. The admiral made this statement to Gen. Anderson of Chicago, who called upon him here and asked him to visit that city. Admiral Dewey told Gen. Anderson he very probably would visit Chicago on his way West. He said he was thinking now about taking a spin over the country, starting about the middle of November, when he will have a little extra time on his hands.

Senator Proctor of Vermont also said today that Dewey probably would go West later. Senator Proctor has close relations with the admiral and would be apt to know if such a trip were under consideration. Senator Proctor seems eager to have Dewey go to the Pacific Coast.

Some dyspeptic people may jump at the conclusion that Dewey is going to look over the political situation with an eye for the Presidency, but he has no such idea in his head. He wants to go through the country, and mix up with the people, and tell them personally that if they know what they are about, they will stand by their country, uphold their President, and expand.

It is coming out gradually that Admiral Dewey is a rampant expansionist; that he is delighted with the President's policy, and that whether he is Republican, Democrat or prohibitionist, he stands squarely with the President, and with Maj. Gen. Otis on the Philippine question. So his trip, if he makes it, will be for the purpose of telling the people that he, George Dewey, is a William McKinley expansionist.

CHANGE OF SERVICE.

The Admiral Free Except for the Philippine Commission.

WASHINGTON, Oct. 4.—Admiral Dewey went to see Secretary Long early today, and talk over his plans for the immediate future. Secretary Long promptly gave notice that the department was willing to give him perfect liberty to do as he pleased.

The admiral was, therefore, at his own instance, detached formally from the Olympia after this date. He will telegraph the executive officer at Tompkinsville to haul down his flag today, and thus will terminate his connection with the cruiser.

In accordance with the plans already planned, the admiral will go to Vermont Monday, as the guest of W. Seward Webb, Chelburn Farms, near Burlington. After his reception at the State capital, on the 13th inst., he will go to Boston to attend the reception there in his honor on the 14th inst.

The Olympia meanwhile will have arrived at that place, for her orders, issued today, are to proceed at once from New York to Boston, to be put out of commission and be extensively repaired.

After the Boston ceremonies Admiral Dewey is expected to return to Washington, to meet his colleagues of the Philippine Commission.

Secretary Long today said that the admiral's time probably would be fully occupied in the deliberations of the commission for some months to come, and, meanwhile, in order to leave him free for this work, he will not be assigned to any naval duties. Further than this point, the department has not yet undertaken to define its plans for Admiral Dewey's future.

When all of these details had been arranged, the admiral walked over to the White House to keep an appointment with the President to discuss the Philippine situation. The admiral remained with the President an hour. President Schurman of the Philippine Commission was also at the White House, and joined Admiral Dewey as he left the President's office.

Capt. Lamberton of the Olympia also called upon the President by appointment, and remained some time. The captain went to New York this afternoon, and from there will go to Boston, where he will put the Olympia out of commission. He will then take a short rest, prior to any assignment which the department may give him.

SWORD AND SECRETARIES.

WASHINGTON, Oct. 4.—One purpose which induced the visit of Admiral Dewey to the Navy Department was to arrange for the safekeeping of the magnificent sword presented to him yesterday. Following him to the Navy Department was his Chinese servant, Ah Soong, bearing the sword in its oak casket. The admiral carried this into the room of the superintendent of the building, Commodore Baird, his old personal friend, and the latter placed the gift in his big safe.

The detaching of Admiral Dewey from the Olympia had the effect of detaching Lieut. Brumby, his flag lieutenant, and Lieut. Caldwell, the admiral's secretary, from the duties they have heretofore performed for him. An order was issued, however, directing these officers to report to the admiral in connection with his

departure.

Admiral Dewey will be accompanied by his flag lieutenant, Lieut. Brumby, his flag secretary, Lieut. Caldwell, and his personal servant, Ah Soong, bearing the sword in its oak casket. The admiral carried this into the room of the superintendent of the building, Commodore Baird, his old personal friend, and the latter placed the gift in his big safe.

LICKED UP BY FIRE.

MILE OF SOUTHERN PACIFIC
SNOWSHEDS BURNED.

Loss of Thousands of Dollars' Worth
of Property the Work of an
Incendiary-Telegraph
Wires Cut.

Flames Started Between Cisco and
Emigrant Gap—Trains Stalled in
the Mountains—Tourist De-
layed at Sacramento.

Cattle Die of Texas Fever Near Bel-
lota—First Baptist Church of San
Francisco Burned—Collision
on Sierra Railroad.

[ASSOCIATED PRESS DAY REPORT.]
SACRAMENTO, Oct. 4.—One of the
most serious fires which the Southern
Pacific Railroad Company has had in
a number of years, took place about
2 o'clock this morning on the Central
Pacific road between Cisco and Emi-
grant Gap.

About 9 o'clock last night the agent
who has charge of the company's
lookout station at Red Mountain, op-
posite Cisco, sent in word to the latter
place that the telephone wire had
either been cut or was broken.

At 2 o'clock this morning word was
received at the railroad office in this
city that the Western Union Telegraph
Company's wires, which are carried
over the mountains in a cable, had
been cut. A little later the lookout
man at Red Mountain sent in the in-
formation that he could see a fire burn-
ing in the snowsheds, and the flames
were spreading rapidly.

As soon as the operator at Cisco
learned that a fire was in progress he
sent word to the office of Superin-
tendent Wright in this city, and a fire
train was at once ordered to start for
the scene from Blue Canyon. There
was some delay in getting the fire
train to the place on account of the
fact that there were some freight
trains along the line.

The fire, which broke out in the work of an
incendiary, was in the snowsheds be-
tween Cisco and Emigrant Gap. The
incendiary had started the fire in two
places, on the sides of a steel
bridge, which is 400 feet in length. The
bridge was badly damaged by the
flames.

The railroad track was damaged for
a long distance by the warping of the
rails and the burning of the ties. The
company had a number of snowsheds
burned, and the total loss to the rail-
road will not be less than \$50,000.

Superintendent J. B. Wright, Resi-
dent Engineer and in charge of the
large force of workmen left for the
scene of the fire by special train this
forenoon. Railroad Detective Ahern
is also on the scene and the company
believes that the incendiary will be
caught.

The company hopes to have the
track cleared so trains will be moving
by noon tomorrow. There are two
passenger trains, east-bound and west-
bound, now stalled in the mountains
on account of the fire. There is also
an east-bound train stranded in this
city, a large number of its passengers
being eastern excursionists.

The fire is all out.

MECHANICS' GRIEVANCES.
Strike on Canadian Pacific May
Stop Traffic.

[BY DIRECT WIRE TO THE TIMES.]
VANCOUVER (B. C.), Oct. 4.—[Ex-
clusive Dispatch.] At 10 o'clock this
morning the mechanics in all the shops
of the Canadian Pacific Railway in Brit-
ish Columbia, went on a strike. In fact,
at that hour, every mechanic on the
transcontinental system left work at
the call of the advisory labor board of
the Canadian Pacific Railway. Accord-
ing to statements of Canadian Pacific
mechanics at Winnipeg, wages have
been gradually reduced to the break-
ing point, and during a period when the
company was prospering.

They laid grievances before the board
as mentioned. The board advised a
strike, and promised to support them
by ordering the general strike. This
throws 400 men out of employment and
should the strike continue for three days
it will stop traffic. This places the
Canadian Pacific Railway in a serious
predicament. The strike is so general
all along the line that it looks impos-
sible for the railroad to win out.

EXPECT SUPPORT.
[ASSOCIATED PRESS NIGHT REPORT.]
VANCOUVER (B. C.), Oct. 4.—The
general strike of machinists on the
Canadian Pacific Railway from Fort
William to Vancouver began this morn-
ing, when the mechanics of the local
shops went out on a strike. This action
was taken on orders telegraphed from
Winnipeg, and is said to include all
mechanics on this division, numbering
from 350 to 400 men. The men state
that they will be joined by all their
fellows in the district. The strike
comes from Winnipeg and in sympathy
with that point, the local men have
quit work.

J. DOWNEY HARVEY WINS.
San Diego Land Case Decided by the
Supreme Court.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 4.—The Su-
preme Court has handed down a long
decision in the case of J. Downey Har-
vey, administrator, and the Merchants'
Exchange Bank of San Francisco, against
Allegando Barker and others. The
defendants and appellants are Pueblo or
Mission Indians, living in San Diego
county, and they claim title to certain
lands on a possessory right, extending
back many years.

The plaintiff, representing the estate
of John G. Downey, claims title to the
property in dispute under a Mexican
grant to Juan José Warner. The In-
dians contend that this grant specified
that their ancestors and their descend-
ants were not to be disturbed. The
Warner grant was approved by the
United States government in 1880, and a
patent issued therefor.

The court holds that the decision of
the Land Commissioners of the United
States that the land in question was,
at the time it was granted, vacant and
subject to absolute alienation is con-
clusive on the defendants and all
others.

Justices Beatty, McFarland and Tem-
ple wrote dissenting opinions.

WEATHER AND CROPS.
Good Prospects for Citrus Fruits.
Pasture Somewhat Short.

[ASSOCIATED PRESS DAY REPORT.]
SAN FRANCISCO, Oct. 4.—The De-
partment of Agriculture has summa-
rized the weather and crop conditions
existing in California for the past
week as follows:

"The temperature has been somewhat
lower than during the preceding week,

though several degrees above the nor-
mal, except on the immediate coast.
Heavy fogs have been frequent in the
coast regions and light showers oc-
curred in Humboldt county. Condi-
tions continued favorable for raisin-
curing and fruit-drying, and the crops
are mostly under shelter. The second
crop of grapes is being gathered and
shipped to the wineries in considerable
quantities; the yield is not as large
as had been expected in many in-
stances. Fine and some varieties of
late deciduous fruits are being gath-
ered and dried. There is still a good
prospect for a large yield of citrus
fruits. Conditions would be im-
proved by early rains. A fair crop
of walnuts has been gathered; the nuts
are of excellent quality.

"An average of corn is being har-
vested. Tomatoes of good quality are
abundant. Orchardists will soon com-
mence pruning, and farmers are mak-
ing preparations for plowing and seed-
ing. Pasture is very short in some
localities, and cattle are being driven
into the ranges. Forest fires in the
mountain regions are causing some
damage to timber."

PINDAR'S WEALTH.
Eccentric Old Man Leaves His Money
to Cousins.

[ASSOCIATED PRESS DAY REPORT.]
SAN JOSE, Oct. 4.—About a month
ago George E. Pindar died at his home
in the hills near Saratoga. He was be-
lieved to be exceedingly poor, but he
nearly \$18,000 cash has been found in
the bank to his credit. His personal
property and real estate runs the
value of the estate up to about \$50,000.
The old man left behind him all the
property to four distant cousins,
two in Cleveland, O., and two at Cot-
tage Grove, Mass. They have been
advised of the fact, but told that if
they attempted to take the property
the aged widow will contest on the
grounds that her husband was insane.
It is possible that a compromise may
be effected and the attorney for the
widow is waiting to hear from the
relatives. Pindar had had his coffin
on hand for years before he died. He
and his wife accumulated their money
in the wood and coal business in San
Francisco.

LIGHTHOUSE IMPROVEMENTS.
System of Waterworks and a Road
for Point Sur.

[ASSOCIATED PRESS DAY REPORT.]
MONTEREY, Oct. 4.—News has been
received here from Point Sur
lighthouse, forty miles from this place,
that extensive improvements are now
in progress at the lighthouse. A road
to the top of the rock, on which the
lighthouse stands, is being constructed,
which is intended to be used in carry-
ing supplies and other freight from
the vessels to the lighthouse, and so
obviate the necessity of hoisting all
freight to the top of the rock by
steam.

A rock wall is also to be built at
the base of the house at the station
to prevent the sliding of earth away
from the foundations—a present an-
noyance to the keeper.

A system of waterworks is also to be
constructed. The improvement will be
completed inside of three months, and
will make the station a much more de-
sirable one than formerly.

FIVE MILLION DOLLARS
Expended in Arizona Copper Mines
by New Jersey Company.

[ASSOCIATED PRESS NIGHT REPORT.]
TUCSON (ARIZ.), Oct. 4.—Another
big sale of copper properties was made
today, it being by George H. Sisson and
wife to the Oxide Copper Company.
The deal was for the Oxide Copper
Company, and today to the Oxide Cop-
per Company, each contained \$5000
worth of revenue stamps.

It is understood the purchase today
is in the interest of the Standard Oil
Company. The deeds of sale last week
of copper mines to the Helvetia Mining
Company, and today to the Oxide Cop-
per Company, each contained \$5000
worth of revenue stamps.

FEAR A DISASTER.
Ship Cyrus Wakefield Now Nearly
a Total Loss.

[A. P. EARLY MORNING REPORT.]
SAN FRANCISCO, Oct. 4.—Shipping
men fear that some disaster has be-
fallen the ship Cyrus Wakefield, which
sailed from New York for this port 183
days ago. She was last heard from at
Port Stanley, where she put in after
the death at sea of her master, Capt.
Henry. She left Port Stanley eighty-
nine days ago in charge of Capt. Chap-
man, and should have reached here
nearly a month ago.

Five percent reinsurance is being
paid on her. The ship Valkyrie reports
passing the mast of a ship in the track
of vessels rounding Cape Horn. Mari-
ners say that this may have belonged
to the Cyrus Wakefield, which is prob-
ably now making slow progress under a
jury rig.

THE CATTLE PLAGUE.
Texas Fever Makes Its Appearance
Near Bellota.

[ASSOCIATED PRESS DAY REPORT.]
STOCKTON, Oct. 4.—Dr. Eddy, the
county veterinarian, reports that a
dozen cattle have died near Bellota of
Texas fever. He made a trip to that
place last Saturday in company with
the State veterinarian. The trouble
comes from Winnipeg and in sympathy
with that point, the local men have
quit work.

A herd was brought from San Diego
recently by a man named Bailey, and
pastured near French Camp. It was
reported that the fever had made its
appearance in the herd, and an in-
vestigation is to be made immediately.
"We believe the disease exists at
various places in the county," said the
veterinarian today, "and that efforts
are being made to conceal the cases
from the authorities."

INDIANS DYING RAPIDLY.
Disease, Like Quick Consumption,
Prevalent at Point Barrow.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 4.—Capt. Bod-
fish of the steamer Beluga, who
has just returned from the Arctic, re-
ports that some kind of a disease, like
quick consumption, is epidemic among
the Indians. At Point Barrow between
August 14 and September 7 there were
nineteen deaths, and at Cape Bathurst
three natives died during the few hours
the Beluga was anchored there. The
Indians are scared so badly that as
soon as one of them is taken sick, he
immediately begins preparations for
death.

"If the death rate keeps up at Point
Barrow," said Capt. Bodfish, "today
there will be no Indians left when the
whalers return next spring."

FARLEY'S MURDERER.
Sussex Taken to Salinas for Trial.
Fears of Violence.

[ASSOCIATED PRESS NIGHT REPORT.]
SALINAS, Oct. 4.—George Bodfish, who
murdered Henry R. Farley, Sheriff
of Monterey county, on September 18
in this city, was brought back here to-
night and lodged in the County Jail.
The preliminary hearing will probably
take place tomorrow, after which Sus-
sex will, it is asserted, be taken back

to San José jail. The regular trial will
probably be held in San José.
Sussex's parents, it is asserted, are
much excited and fear violence to their
son. There are no signs of an active
demonstration, but the officers are tak-
ing every precaution to guard their
prisoner.

SAN FRANCISCO FIRE.
Old First Baptist Church Burned.
Fireman Injured.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 4.—The First
Baptist Church was destroyed by fire
late this afternoon. One fireman, Leo
Cotello, was seriously injured and three
others were slightly hurt. The fire
started on the roof of the church, and
spread rapidly to the main body of the
building from an unknown cause.

FLATS BADLY DAMAGED.
[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 4.—A row of
flats belonging to J. M. Manning,
which adjoined the church on the east,
and the Hotel Normandie, a three-
story frame building on the other side,
were badly damaged by fire and water.
The losses may exceed \$60,000, with an
aggregate insurance of \$20,000.

The church loss is \$45,000, with \$12,000
insurance. Manning says his loss is
\$18,000, with \$5000 insurance. The Hotel
Normandie loss is \$4000, and the in-
surance \$2000. The hotel occupants
and the residents in adjoining flats
have small losses.

The falling of the blazing twin
spires of the church, which tapered
into the air a distance of about sixty
feet from the church roof, was a spec-
tacular feature of the fire, which at-
tracted thousands of people.

Capt. Comstock of the fire patrol, be-
lieves that the fire was started by
sparks from a near-by chimney fall-
ing on the roof of the church.

GOV. GAGE INSPECTS.
State Hospital at Stockton Visited
by an Official Party.

[ASSOCIATED PRESS NIGHT REPORT.]
STOCKTON, Oct. 4.—Gov. Gage and
party made a tour of inspection of the
Stockton State Hospital this after-
noon. The Executive was accompanied
by Secretary of State Board of
Managers; Dr. Hatch, general superin-
tendent of State Hospitals, and Dr.
Cohn, a San Francisco quarantine
officer.

Mrs. Gage accompanied her husband,
and the party left for Sacramento on
the 4:21 o'clock train.

The Governor stated to an Associated
Press reporter that his visit was not
in the nature of an investigation, and
that he was very much pleased with all
he saw at the institution.

ESTATES OF CHURCHES.
The Baptist Association in Favor of
Taxing Them.

[ASSOCIATED PRESS NIGHT REPORT.]
OAKLAND, Oct. 4.—At the annual
meeting of the Central Baptist Associa-
tion of California today the following
resolution was passed:

"Resolved, that it is the sense of
this meeting that all property held by
all denominations of churches, and
subject to taxation, the same as
property held for secular purposes in
all the States."

The Pacific Baptist, the church paper,
was reported to be a successful busi-
ness venture. The Woman's Baptist
Home Missionary Society met in the
afternoon and heard a number of ad-
dresses.

W.C.T.U. CONVENTION.
Officers Elected for the Ensuing
Year at Sacramento.

[ASSOCIATED PRESS DAY REPORT.]
SACRAMENTO, Oct. 4.—The Wo-
man's Christian Temperance Union
Convention, in session in this city, this
morning elected the following officers
to serve during the ensuing year:

President, Mrs. B. Sturtevant Peet of
San José; first vice-president, Mrs. S.
J. Dorr, Santa Cruz; recording secre-
tary, Mrs. Annie Little Barry, San
Francisco; corresponding secretary,
Mrs. Dorcas J. Spencer, San Francisco;
treasurer, Mrs. Emily Hopkin, Yolo
county; auditor, Mrs. Blanche Eng-
lish, Petaluma.

ROGERS' ILL LUCK.
Railroad Man's Arm Crushed Under
a Train.

[ASSOCIATED PRESS DAY REPORT.]
SACRAMENTO, Oct. 4.—G. W. Rog-
ers, a conductor on a freight train on
the Central Pacific Railroad, whose
home is in this city, met with a most
dreadful accident last night. While
climbing over a box car near Auburn,
in order to reach the tender of the
locomotive, he fell and had one of his
arms crushed under the wheels. He
was brought to the railroad hospital
in this city, and the injured arm was
amputated near the shoulder.

FIRST OF ITS KIND.
Sunday-school Superintendents' As-
sociation is Formed.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN JOSE, Oct. 4.—The first Sunday-
school superintendents' association
formed in California was organized
here tonight. It will be called the
Santa Clara County Sunday-school Su-
perintendents' Association. Officers
elected were: President, G. H. Wheeler;
vice-presidents, Miss Kate F. Leffer,
Mrs. W. E. Fry; secretary, L. W. Hill;
treasurer, H. T. Plant. The association
will meet quarterly.

LOCOMOTIVES DISABLED ON THE SIERRA
RAILROAD AT STOCKTON.

[ASSOCIATED PRESS DAY REPORT.]
STOCKTON, Oct. 4.—Another acci-
dent occurred on the Sierra Railway
last night in the material yard. A
freight train coming up the line from
Oakdale, the western terminus, met a
passenger train entering the yard from
Sonora, and the two came together
with such force as to disable both the
locomotives. No one was badly hurt.

THE STATE GRANGE.
Reports Made and Referred and
Delegates See the Sights.

[ASSOCIATED PRESS NIGHT REPORT.]
NAPA, Oct. 4.—Forty additional de-
legates to the State Grange arrived to-
day. The Credentials Committee made
reports this morning. The subordi-
nate and Pomona granges also pre-
sented reports.

The new business was referred to
appropriate committees, and this after-
noon was devoted to sightseeing.

CHILDREN'S HOME BURNED.
Large Catholic Institution De-
stroyed at Vancouver.

[ASSOCIATED PRESS NIGHT REPORT.]
VANCOUVER (B. C.), Oct. 4.—The
Good Shepherd's Home in Newminster,
one of the largest Roman Catholic in-
stitutions on the Coast, was destroyed
by fire this evening. Eighty children
and nuns all escaped without injury.

NORTHWESTERN GRAIN CROP.
PORTLAND (OR.), Oct. 4.—Advises
to the Oregonian from Eastern Oregon
and Eastern Washington show that
practically the entire grain crop south
of Snake River has been thrashed, and

that 85 per cent. has been delivered
at warehouses. In that section the
crop will be 20 per cent. short of the
1898 crop. North of Snake River about
75 per cent. has been thrashed, and
50 per cent. delivered to warehouses.
The crop is estimated at 15 per cent. be-
low last year.

BUSINESS AND HALL.
SANTA CRUZ, Oct. 4.—The grand
council of the Portuguese Union con-
sidered committee reports today. The
appeal of a member who had been
suspended by the Sacramento council
and asked for reinstatement was laid
on the table. A ball in honor of the
delegates was given this evening.

PAYMENTS TO RAISIN-GROWERS.
FRESNO, Oct. 4.—Treasurer T. C.
White, of the Raisin-Growers' Asso-
ciation, is paying out to growers \$15,
000, closing accounts for the raisin
crop of 1898. Since the cash payment
of 25 cents for raisins in sweat-box,
Mr. White has to date paid out \$35,
000.

Mining Engineers Visiting.
JACKSON, Oct. 4.—The visiting min-
ing engineers, about forty in num-
ber, arrived this evening. They are ap-
portioned tonight between this town
and Sutter Creek. Tomorrow they
will visit the principal mines of the
mother lode in the county.

CATTLE FREE OF FEVER.
STOCKTON, Oct. 4.—After examining
today 500 head of cattle recently shipped
from San Diego to French Camp, in
this county, County Veterinarian Eddy
pronounced them free from the disease
known as Texas fever.

WEATHER AT ESCANADA.
ENSENADA (MEX.), Oct. 4.—A violent
thunderstorm, accompanied by
rain, began at 6 o'clock this morning,
with signs of continuance.

CANADA'S CASE.
SHE HOPES TO BETTER IT BY
ARBITRATION.

[BY DIRECT WIRE TO THE TIMES.]
MONTREAL, Oct. 4.—[Exclusive
Dispatch.] Sir Louis Davies, since his
arrival in London, has had several in-
terviews with Chamberlain and the
Foreign Office in relation to the Alaska
boundary dispute. Lord Pauncefoot
was present at the Foreign Office con-
sultations. No authoritative statement
can be procured, but it is understood
that much diplomatic correspondence
exists of the subject, and that a pro-
visional boundary has been agreed upon
with regard to Chilcoot Pass, while the
provisional boundaries already arrived at
in the case of the other passes will be
continued. All these arrangements will
be without prejudice to the treaty
rights of either country.

The several governments have been
trying to find a basis for a reference
of the subject to arbitration. It is un-
derstood that Canada maintained the
position which was assumed by her
representatives upon the Joint High
Commission. She is willing to accept
either a fair compromise or a refer-
ence to arbitration, either with reserva-
tion or without reservations, for which
a precedent is afforded in the Vene-
zuela arbitration.

Sir Louis Davies has prepared an
elaborate statement of Canada's case
for presentation to the home govern-
ment. He will confer further with
Lord Salisbury and Chamberlain after
they consider it.

ST. JOHNS (N. F.), Oct. 4.—The five-
men tugboat, the Capt. Greyhound, was
wrecked near Capt. Grey, who were
rescued by the tug Greyhound this
morning. They had been adrift all
night in an open boat.

TO CURE LA GRIPPE IN TWO DAYS
Take Laxative Broom Quinine Tablets. All

The Times

THE WEATHER YESTERDAY.

U. S. WEATHER BUREAU, Los Angeles, Oct. 4.—[Reported by George E. Franklin, Local Forecaster Official.] At 5 o'clock a.m. the barometer registered 29.92; at 5 p.m., 29.97. Thermometer for the corresponding hours showed 55 deg. and 70 deg. Relative humidity, 5 a.m., 100 per cent; 5 p.m., 78 per cent. Wind, 5 a.m., west, velocity 1 mile; 5 p.m., west, velocity 6 miles. Maximum temperature, 71 deg.; minimum temperature, 55 deg. Barometer reduced to sea level.

DRY BULB TEMPERATURE.
Los Angeles 55
San Francisco 58
San Diego 60
Portland 60
Weather Conditions.—Unsettled conditions prevail on the Pacific Slope this morning. The pressure has diminished remarkably during the past twenty-four hours in Northern Nevada and Western Oregon, though there has been a general but moderate fall west of the Rocky Mountains. It was cloudy on the Southern California coast at the hour of observation. Otherwise fair weather prevailed on the Pacific Slope. A light shower of rain fell at Yuma during the night. Warmer weather is reported from stations east of the place. An area of low pressure is central south of the Mexican boundary.

FORECAST.—Local forecast for Los Angeles and vicinity: Generally unsettled weather to-night and Thursday.
SAN FRANCISCO, Oct. 4, 5 p.m.—Weather conditions and general forecast. The following maximum temperatures were reported from stations in California today:
Durham 73
Red Bluff 72
Sacramento 66
Fresno 66
San Luis Obispo 60
San Francisco data: Maximum temperature, 55 deg.; minimum, 53 deg.; mean, 71 deg.

The pressure here during the past twenty-four hours over the northern half of the Pacific Slope. The weather continues clear along the Coast, although the winds are beginning to blow from the southeast from the mouth of the Columbia River northward. A moderate storm appears to be on over Northwestern Mexico. Rain has fallen generally throughout Arizona, and conditions are favorable for showers along the valley of the Colorado. The temperature continues high over California. At San Francisco the temperature is 13 deg. above the normal.

Forecast made at San Francisco for thirty hours, ending at 11 o'clock, October 5:
Northern California: Fair Thursday, becoming threatening Thursday night in the San Joaquin Valley; northerly, changing to southwesterly winds.
Southern California: Cloudy and threatening weather Thursday, with showers in the mountains; fresh southwesterly winds.
Arizona: Showers Thursday.

At Los Angeles: Fair Thursday; increasing cloudiness and threatening at night; not so warm; westerly, changing to southwesterly winds.

ALL ALONG THE LINE.

J. C. Ruyman, the San Bernardino school teacher, who endeavored to obtain the principalship of the Rialto schools by means of a fraudulent diploma, has been released from custody, on the ground that no crime had been committed. This is, of course, a legal decision, and on purely technical grounds. It is to be hoped, however, that Ruyman and all young men like him will distinguish the technical from the deserving and so order their future actions as to come so near again to a ruined life. Moralizing is lost on such natures, and only the heroic treatment of prisons and courts have appreciable effect upon them. There are several incipient Ruymans in Los Angeles today, who should heed the warning in his case.

The Riverside Highland Water Company is "in it" with full force, having purchased a large tract of water-bearing land, and will develop all it possesses. One thousand inches of water can now be pumped from wells already sunk, and a tunnel to largely increase the amount is to be run at once. Aside from the local practical good of such undertakings, is the great good in the encouragement a knowledge of them gives to irresolute and halting men. Until agitation brings needed legislation to impound the surface waters by Federal help, subterranean supplies must be had, and the sooner the better. That they can be had is no longer doubted. The present crops of citrus fruit prove this. This example is a helpful one, and is safe to copy.

Outraged manhood and effective law have combined to stamp out the cowardly crime of wife beating and woman beating generally on the Pacific Slope, but occasionally some degenerate comes to notice in this dastard role, as the wife of one Henderson in Redlands. This fellow broke a pitcher on a woman's head and then locked his carcass in that the officers might not get him. In the great mass of crying needs of the American people is one that shall fittingly punish the coward who beats a woman. Redlands is a highly moral place, and it is more than likely her people will rise to this task and set such an example as will check others of this ilk. Leniency, like love, is lost on such natures, and brute force only—chain gang or lash—is equal to the need.

Twenty-round Contest.

A twenty-round glove contest between James J. Ryan and Jim Tremble will take place at the Los Angeles Athletic Club tonight. Both men have been in training and are in good condition for the match. Each has a formidable record, and splendid work is expected on this occasion.

New York Stock Exchange Election.
NEW YORK, Oct. 4.—William McCleure, the candidate of the Independents, was elected secretary of the Stock Exchange today, to succeed George Ely, over Andrews, who was the candidate of the Stock Exchange Governing Committee.

BAPTISTS' CONVENTION.

TWO DAYS' SESSION OPENED AT FIRST CHURCH.

A Hundred Delegates in Attendance.
Next Year's Officers Elected.
Whittier Church Admitted to the Association—Evening Exercises.

The thirty-first annual convention of the Los Angeles Association of Baptist Churches began its two days' session yesterday morning at the First Baptist Church. Twenty-four churches of Los Angeles county and the church at Bakersfield are represented, and about a hundred delegates are in attendance.

The exercises opened with song service and prayer, followed by Bible reading by Rev. A. J. Frost, D.D. At 10 o'clock the clerk of the association, George Taylor, called the meeting to order, and the regular business was taken up. A. P. Griffith was unanimously elected moderator for the session, after which the letter of the entertaining church was read, and Rev. George Smale of the First Church delivered an address of welcome.

Committees on arrangement and devotion, enrollment, nominations and reception of new churches were appointed by the moderator, and Rev. A. W. Wadsworth, a recent arrival from Vermont, was introduced as the new pastor of the church at Monrovia.

After fifteen minutes' devotional exercises, led by Rev. C. T. Douglas, preceded the annual association sermon, which was delivered by Rev. Philip J. Ward of Pomona. A collection and the noon recess followed.

Rev. Jacob Albert of the German Baptist Church of Los Angeles conducted the praise services at the opening of the afternoon meeting. The committee appointed at the morning session rendered their reports, which were accepted.

Officers as follows were elected for the ensuing year: Moderator, Rev. Philip J. Ward, clerk; C. W. Her, treasurer, Deacon Badeau; Executive Committee, C. T. Douglas, C. C. Pierce, S. C. Anable, E. P. Hopkins, D. K. Edwards.

Letters from the different churches of the association were read and showed that, while the effects of the dry seasons have been felt, a fair measure of progress has been made in the work of the church.

The church at Whittier was received into the association and its delegates were formally welcomed.
Committees were appointed to report at today's session on systematic benevolence, the state of religion, Sunday-school work, home missions, foreign missions, publications, education, young people's work, obituaries, resolutions and on the question of the next anniversary.

With a short talk by Rev. O. V. Rice on behalf of the California Children's Home Society, the work of the afternoon came to a close.

The usual devotional exercises were a prelude to the services of the evening and were conducted by Rev. Joseph Ellison, pastor of the lately organized church at Whittier.

Rev. W. Haryett delivered a brief discourse upon the "Truth as it is in Jesus," and Rev. W. D. Fuller told of the "Church as the Pillar and Ground of the Truth."

Rev. C. T. Douglas, general missionary of the Baptist church in California, talked of "Convention Work" and told of the work of the missionary board in finding places for Baptist churches and in local missions. He also spoke of the appointment and support of district missionaries in rural fields and of the aid given to small, newly-organized churches until they became self-supporting. Prospects for the coming year were declared bright, if proper support is given the work, and an appeal was made for funds.

The musical programme of the evening consisted of an anthem by a quartet from the choir and singing by the congregation.

The junior workers of the Young People's Union held a meeting in the primary room during the afternoon session of the convention, at which time the reports from junior societies were discussed and the matter of a uniform meeting day for the society was considered. A method for finding and keeping superintendents of junior leagues was sought, but not found.

The association was organized to organize the juniors for representation in the association.

RESTS FROM ITS LABORS.
County School Board Through With Examination Papers.

The County Board of Education has at last concluded the work of reviewing examination papers, and will now rest from its labors unless some other excuse can be invented for continuing the session and drawing salaries and mileage. In the absence of such an excuse it is probable the school board will remain adjourned to some time about December 1, when the work of preparing teachers' examination questions will begin. Luther Brown, chairman of the board, stated yesterday that meantime only irregular sessions would be held, probably four or five times a month, and that the members will receive their usual pay of \$5 a day and mileage. The last regular meeting of the board was held Tuesday night.

The salary demands filed with the Supervisors September 28, have not yet been acted upon, and it is probable that some opposition will be made to their payment, when the matter comes up. The District Attorney will not state what his course of action toward the demands will be, but it is considered likely that he will resist their passing.

Two members of the school board, W. H. Wright and J. J. Morgan, have been teaching school at San Gabriel and Covina, respectively, since September 1, when the work of preparing teachers' examination questions will begin. Luther Brown, chairman of the board, stated yesterday that meantime only irregular sessions would be held, probably four or five times a month, and that the members will receive their usual pay of \$5 a day and mileage. The last regular meeting of the board was held Tuesday night.

WILL POOR TEA DO?

There are some people who have drank poor tea for so many years that they are satisfied with it and do not care for anything better. Those who know good tea when they drink it and are not satisfied with anything but good, will be interested in our Tea Department. We make tea our special study, endeavoring to carry only what is best in the tea world. The prices are no higher than what you pay for the poor. Try some of our fine, delicately flavored Teas if you want to enjoy your cup of tea.

Misses' Dresses and Jackets.

We are showing some distinctively handsome things in misses' tailored jackets and dresses. They are especially designed for girls and young ladies from 14 to 18 years. They have not been easy to get. Tailors prefer to work on women's garments. They make more and less originality is called for. Every mother will thank us for showing such an assortment as this.

Misses' suits of beautiful, serviceable Scotch homespun in fancy gray mixtures with just a touch of color; also in tan covert cloths of just the correct shade; box front jackets, plain tailored skirts; the price \$20.00.

Misses' suits of covert cloth, light or dark brown, beautiful shades of brown; square front jacket handsomely lined with satin; plain tailored skirt, the price \$18.00.

Misses' suits of homespun chevrons in fancy dark blue mixtures; skirt and jacket both beautifully garnished with narrow mohair braid in pattern effects; jacket silk lined; the price \$22.50.

Misses' jackets of splendidly good melton, nobby, girlish styles, shades of castor and military blue, satin lined, applique strap seams; the price \$12.50.

Misses' jackets of fine English melton in brown, oxblood or marine blue, tailor stitch finish, lined with fine quality taffeta silk; the price \$14.00.

Misses' jackets of the very finest English melton broadcloth finish, the beautiful new blue or light tan, lined with splendid taffeta silk, a charming style for any young lady; the price \$17.50.

Misses' golf capes in abundance and at all prices.

An extra fine wool blanket, white, 11-4 size, assorted colored borders, \$1.50 a pair.

SAVE MONEY IF YOU WOULD BE IN THE RACE

IF Sir Thomas Lipton had been a spendthrift as a young man there would not be any racing between the Columbia and the Shamrock.

A great crop of Sir Thomas Liptons would rise up to give pleasure to the world if more young men could only grasp the idea that saving regularly and systematically and putting money in some good bank where interest is paid on deposits, is one of the essential habits which must be formed in order to insure success in life.

The Union Bank of Savings offers every possible advantage to those who desire to make small deposits and receive interest on their money.

Young men are especially invited to open accounts with us. Start with a small amount if you please, but start. The sooner the better.

Safety Deposit Boxes from \$2.00 to \$25.00 per year.

ASK FOR AN INJUNCTION.

THE WATER COMPANY BRINGS SUIT AGAINST THE CITY.

Attempt to Prevent the Issuance of Bonds—Want a Decree to Set Aside the Decision of the Water Arbitrators.

The Los Angeles City Water Company filed a suit in the Circuit Court yesterday to have the decision of the water arbitrators fixing the value of their plant set aside, and also to enjoin the city of Los Angeles from issuing water bonds for the purchase of the plant, pending the decision of the suit. The Mayor of the city and members of the City Council are made defendants to the action.

The complaint recites that the determination of the value of the plant of the City Water Company was left to three arbitrators. The members composing this board were C. T. Healey, chosen by the water company; James C. Kays, chosen by the city, and George H. Mendell, selected by the other two. The complaint says: "On the 12th of May, 1899, the evidence all being submitted, a pretended decision was rendered, fixing the value of the plant at \$1,183,591.42, which was agreed to by only two of the arbitrators, Mendell and Kays, and which Healey repudiated and refused, because he claimed the value was placed far below a fair value."

Further, it is alleged in the complaint that Mendell and Kays, without the presence or acquiescence of Healey, examined separately and for themselves into the value of a large amount of the property of the company and appraised the same upon their own judgment, irrespective of Healey and without consulting him.

Regarding the arbitrators' valuation of the plant, the complaint says: "A large portion of said award is based upon conclusions reached not by the whole of said arbitrators, nor by said Healey, nor upon evidence taken before the whole of them, but by said arbitrators Mendell and Kays, and upon testimony which they only took, independent of and without respect to the testimony or evidence which was taken by the arbitrator appointed by said water company, or the evidence introduced before the said three arbitrators."

Further it is alleged upon information and belief that George H. Mendell and J. C. Kays were, after the submission of the said cause upon the testimony taken and the briefs and oral arguments of counsel, in constant communication with the attorneys of the city of Los Angeles, and taking advice and instructions from them outside of the presence of the third arbitrator, C. T. Healey. And that on account of influence brought to bear upon the arbitrators they were biased in favor of the city and prejudiced against the water company.

The complainants ask for a writ of subpoena against the members of the City Council to compel them to answer the allegations of the bill, and that it be adjudged that the "pretended decision" concurred in by J. C. Kays and George H. Mendell alone is invalid and of no effect, and that the same was procured by fraudulent and irregular and illegal means. The court is also asked to enjoin the city from issuing water bonds pending the suit and to restrain the city from constructing any waterworks or contributing or furnishing any water until the value found to be due for the plant is fixed by the court and paid. The court is further asked to fix the date for the payment of such valuation, and to decree the foreclosure of all right of the city to purchase the plant if payment is not made on such date.

MEETING CLOSURE.

Southern California Dental Association Elects Officers.

The closing session of the second annual meeting of Southern California Dental Association was held last evening in the Dental College rooms, at Spring and Main streets.

During yesterday morning's session several dentists read papers on dental topics. The papers were discussed by those present. Dr. D. J. Moody of Los Angeles read a paper on "Educational Work," which was discussed by Dr. E. Jordan. Dr. G. A. Millard of Oxnard read a paper on "Popular Dentistry," discussed by Dr. R. W. Morris. Dr. Edgar Palmer read a paper on "The Policy of Favorite Dental Anesthetics," discussed by Dr. C. Smith of Pasadena. Dr. G. H. Cushing of Chicago addressed the dentists on the aims and objects of the Dental Protective Association. His remarks were made the subject of a general discussion.

In the afternoon a number of clinics were held. About two hours' time was taken up in this manner. Drs. R. W. Holmes and J. M. White of Los Angeles conducted a clinic on methods of gold filling; root filling of abscess tooth; Dr. J. E. McGowan of Pomona; seamless crowns, Dr. W. Peper of San Diego; showing crown swedges, Dr. A. H. Palmer of Pasadena; showing artificial denture, Dr. L. J. Root of Los Angeles; porcelain work, Dr. E. L. Townsend of Los Angeles; novelties in dentistry, Dr. W. M. Garnett of Los Angeles; showing artificial nose, Dr. D. R. Wilder of Los Angeles; showing electrical appliances, Dr. W. H. Sparks of Los Angeles; novelties, Dr. H. R. Harrison of San Diego.

In the evening the following officers were elected: President, Dr. H. R. Harrison of San Diego; first vice-president, Dr. L. N. Redford of Redlands; second vice-president, Dr. Emma T. Read of San Diego; treasurer, Dr. J. M. White of Los Angeles; secretary, Dr. L. E. Ford of Los Angeles.

RIVERSIDE COUNTY.

Two Orange-growers' Associations Elect Officers.

RIVERSIDE, Oct. 4.—(Regular Correspondence.) The Riverside Heights Orange Growers' Association yesterday voted to increase the number of directors from nine to eleven, and elected the following board for the coming year: G. W. Garcelon, H. A. Westbrook, John A. Allen, L. V. W. Brown, William P. Russell, J. J. Hewitt, L. H. Griffin, J. E. Cutter, J. W. Kishlar, J. W. Covert, H. W. Leighton. A resolution was adopted opposing that part of the reciprocity treaty between this country and Jamaica which allows citrus fruits to be landed with a reduction from the tariff imposed by the Dingley bill.

At the annual meeting of the Pachappa Orange Growers' Association, held today, the following officers were elected: President, D. P. Chapman; secretary and manager, C. F. Huse; treasurer, Orange Growers' Bank; directors, D. P. Chapman, M. B. Ogden, C. F. Huse, G. A. Cover, E. W. Holmes, M. J. Daniels, M. S. Bowman, E. A. Meacham, J. M. Baker, H. P. Moore, T. H. E. Chamblin.

RIVERSIDE BREVITIES.

W. R. Dowler, commercial agent of the Santa Fe, returned today from a month's visit in the East. He says prosperity is being enjoyed all over the country and predicts a big winter travel to California the coming season. The first meeting of the fifth year of the Woman's Club was held yesterday afternoon. Mrs. Mary E. Darling, the newly-elected president, occupied

Shoes for Women.

1062 Pairs Misses' Kid Shoes \$1.48.

Matchless bargains at \$2.00. Spring heels, fine kid, space stitched, tourist heel, foxed, sewed soles, sizes 7 to 9.

218 Pairs of Women's Shoes at 60c.

Black and tan, lace and button, mainly sizes 2 1/2, 3 and 3 1/2; values up to \$2.00.

318 Pairs Women's Shoes at \$1.00.

Nearly all black, button shoes, a few tan lace, nearly all sizes, in narrow widths; values up to \$2.50.

475 Pairs of Women's Black Boots at \$1.23.

Very dressy shoes in a popular style; these are chrome tanned kidskin, button only, new toe shape and patent leather tips, all sizes; all are \$2 values.

1860 Pairs Women's Boots at \$1.37.

Fine quality kidskin, properly put together, sewed soles, medium coin toes, patent leather tips; worth \$2.25.

3250 Pairs Women's Shoes at \$1.58.

Elegant black kidskin, button shoes, two styles of heel foxing and all sizes in both styles, new toe shapes and tips; these would be rightly priced at \$2.50.

1630 Pairs of Women's Shoes at \$1.74.

Black vic kidskin shoes, lace and button, swell toes and tips, military heels, flexible soles, all sizes in the different styles; all are the regular \$2.75 sort.

A vast gathering of thoroughly worthy, fully guaranteed shoes that, however cheaply they came to us, were made by thoroughly reliable shoemakers, and their mates have brought nearly double their prices in good shoe stores all over the land.

Best Shoe News Ever Told.

Our Mr. L. Jacoby visited the large shoe manufacturing centers of the East, ready to buy for spot cash any and every lot, large or small, if the shoes were honest shoes and the manufacturer willing to take less than the market price---spot cash. He found the manufacturers, the shoes he wanted---underpriced---and bought them. The result is

Good looking serviceable Shoes were never so cheap before.

No store in Los Angeles has ever sold---probably never will sell shoes as we will sell them today. We do business on a decidedly different basis. While other stores buy from one to five dozen pairs of shoes, or possibly buy a hundred pairs after long deliberation, doubtful of their ability to handle so many shoes at one time and pondering over their recklessness---where they buy a hundred pairs, we buy thousands of pairs. And here is the unusual virtue of this remarkable sale that may not be matched again in a twelvemonth. Full stocks of splendid shoes will be sold at a little more than half price---in some instances at less.

Selling starts at nine o'clock this morning.

420 pairs Women's

Spring Heel Shoes, \$1.37.

The same graceful curves and lines noticeable in the fine high grade shoes. Lace and button, all sizes from 2 1/2 to 5 1/2, flexible, medium weight soles. These shoes are just about half price.

1478 pairs

Women's Shoes at \$1.98.

Lace and button, made of fine black kidskin, either patent leather or kid tips, the latest toe styles. All are welted sole shoes and should be priced \$3.00.

2780 Pairs of Women's

Hand-sewed Shoes at \$2.37.

Finest black chrome kidskin shoes, hand turned and welted soles, lace or button, kid or patent leather tips. \$3.50 shoes, in the swiftest of mannish shapes.

Shoes for Men.

You had better hurry for these shoes---they can be counted in thousands on one hand---for all of that---this may be the final word on some of the best lots.

186 Pairs of

Men's Tan Shoes, \$1.24.

Coin toe shoes in all sizes---tan kid with brass eyelets. Proper \$2.00 shoes with sewed soles.

315 Pairs Men's Shoes \$1.39.

Good black and tan Shoes, made to sell at \$2. Made to give \$2 worth of wear. All sizes in both styles. Medium width coin toes.

720 Pairs Men's Shoes \$1.48.

Made on the new "Glencoe" last, a little wider than a coin toe, not quite as broad as the bulldog. All sizes in lace only.

2100 Pairs

Men's Calfskin Shoes \$1.98.

Lace only, all sizes in two styles, medium coin and globe tip toes; genuine was calfskin; the same grade used in all good \$3.00 shoes.

770 Pairs

Men's Shoes at \$2.17.

Tan and black kidskin, with medium weight sewed soles; shoes that ought to sell at \$3.50, would sell for that in most shoe stores.

2820 Pairs

Men's Shoes at \$3.00.

The greatest single purchase of one shoe at a certain price ever made for this city; genuine box calf shoes; the swiftest of the season; bulldog toes with the new perforated tip; Goodyear welted, extra value at \$4.00.

Boys' Shoes Like Father's.

215 Pairs Youths' Shoes at \$1.14.

Any pair of them the equal of the best \$1.50 shoe in town, satin calf, lace, coin toes, sizes 12 to 2.

344 Pairs Boys' Shoes at \$1.24.

Broad coin toe shoes, made of good, serviceable casco calf, medium weight, half double soles, \$1.75 values, sizes 2 1/2 to 5 1/2.

675 Pairs Boys' Shoes at \$1.98.

Bulldog last, heavy sewed soles, genuine box calf uppers, stylish and sturdy; nothing that would make these shoes look or wear better; prime value at \$2.50.

Shoes for Girls.

892 Pairs Misses' Shoes at 87c.

Coin toe, black kidskin shoes. The least worthy in the lot valued at \$1.25. Lace and button, sizes 12 to 2.

910 Pairs Children's Shoes at 83c.

Good serviceable black kid, sizes 8 1/2 to 12. Shoes that cannot be purchased for less than \$1.25. Sensible, popular broad toes.

Ample facilities for the prompt exchanging of shoes have been especially arranged. We'll give you your money back without a single question for any you do not want.

The book is handsomely bound and printed on specially prepared heavy paper, and will be a valuable and ornamental addition to any family library.

Pears' Soap.

What a luxury Pears' soap is!

The cheapest soap in all the world besides.

WILL SUE FOR REDRESS.

EX-POLICE OFFICER GORMAN WANTS VINDICATION.

Maintains That He Was Unjustly and Illegally Deprived of His Star Wherefore He Will Institute an Action for Damages.

The right of the Police Commission to summarily dismiss members of the force may be tested in the court's soon. Former Policeman James Gorman, who was dismissed for alleged cause several months ago, is taking steps to obtain redress for what he and his friends allege to be a cruel injustice done him.

Gorman was charged before the commission with having manufactured evidence in order to make a case against a saloon-keeper for violation of the Sunday-closing ordinance. After a hearing before the board, which he and his friends say was very informally and unfairly conducted, the officer was dismissed in disgrace. He has since been much under the stigma brought upon him, and his friends have urged that he owe it to himself and family to seek further for vindication. With this end in view, Gorman has placed his case in the hands of Attorneys Davis & Rush and Davis & Morrison to sue for redress.

The course which the proceedings will take has not yet been decided upon, but the city and the Police Commission, individually and collectively, will probably be sued for damages. The prayer of the suit may also include a mandate for the reinstatement of the deposed officer, in case the court holds that he was illegally discharged from his position.

The grounds of the suit will be the allegation that the proceedings before the Police Commission which resulted in Gorman's dismissal were not regular; that no sworn charges were filed against him, and that evidence which would have proved the falsity of the allegations against him was arbitrarily excluded; in short, that the Police Commission grossly ignored the provisions of the law in adjudicating the Gorman case.

It is hinted that some sensational testimony, which was barred out at the Police Commission's investigation of the Gorman case, will be brought forward if the case ever comes to trial in the Superior Court.

Police Station Notes.
The pernicious activity of small boys and others who visit vacant houses and carry off all the lead pipe connections is aggravating alike to property-owners and police. Recently many complaints of this nature have been received at police headquarters.

Yesterday P. A. Macneil reported that some miscreant had removed all the lead pipe from his house at No. 218 West Eleventh street.

Boys have been in the habit of congregating in a vacant lot in the rear of H. Gathman's residence, No. 120 South Flower street, where they amuse themselves by using his house as a target for slingshot practice. Yesterday Mr. Gathman reported that the boys had broken one of his windows. An officer was detailed to look into the matter.

Mrs. Bunnell, No. 1140 East Adams street, reported that the basement of her house had been entered and a number of articles stolen.

H. King, No. 1041 West Second street, and the California Bicycle Protective Association reported the thefts of bicycles.

Port Hartford Work Suspended.
Capt. A. Polhamus, who has the contract for the construction of the Port Hartford breakwater, has notified Capt. J. J. Meyer of the corps of government engineers in charge of the work, that he will do nothing more on the breakwater this year. The terms of the contract permit Capt. Polhamus to discontinue work during the rainy season, and as the elements in the vicinity of Port Hartford have shown some signs of moisture he decided to suspend operations before the weather gets rough.

A New System
Of treating disease in every form. A system incorporating every best feature from all the older systems, at once appeals to an afflicted person as rational.

Such is the system availed of by the Associated Physicians conducting the Homo-Alo Medical Institute, 345 S. Spring St., as they have used it with unbounded success. To extend its benefits to the largest number of sufferers possible they charge only \$50 for the most searching and careful examination, prescription and the necessary medicine.

It Pays Big to Trade Here.

A HAMBURGER & SONS

THE GREATER PEOPLE'S STORE

LOS ANGELES

These well-known Specialists continue to do business on their old original plan of no pay till cured. They will treat any case of lost manhood, private disease, including contagious blood poison, and many other ailments of men, on the following conditions:

The price of a cure may be deposited in any bank or with any daily newspaper or responsible business house in Los Angeles, where it may remain until the patient is satisfied that he is well. If it is not convenient to do this, payments may be made in weekly or monthly installments.

Such a reasonable offer has never been made by any other physicians. What could be more fair? What could be more convincing that DR. MEYERS & CO. have ability? These specialists have the largest medical institution and the most extensive practice in America. All the members of the staff are physicians of the highest standing. Each is a specialist of many years' successful experience in curing diseases and weakness of men.

DR. MEYERS & CO. are at the old location, where they have been established so many years, 218 South Broadway, Los Angeles—elevator entrance. Hours: 9 to 4 daily; 7
